

**History**  
 How do we  
 Protect our listed buildings?  
 Use design to protect our  
 conservation areas?

**Heritage**  
 How do we  
 Keep history alive for  
 the future?  
 What should not  
 be touched?

Reduce pastiche approach to design

Raise awareness of  
 which buildings  
 in Epping are listed  
 and the process  
 by which they are listed

Enforce listed building restrictions

Designate coherent architectural areas  
 as conservation areas

Seek advice and training from  
 the Design Council

Support St. John's development  
 and encourage innovative design

Embrace contemporary design

Investigate multi-media  
 history and heritage  
 projects  
 e.g. oral history app for mobile phones

Engage and encourage young people's interest  
 in the Town's history

Celebrate history through the use of  
 the Blue Plaque Scheme

Encourage local investment  
 via the District Museum  
 and Library

Don't change the trees and green areas around  
 Epping High Street

Keep business use only on the  
 upper floor of Epping  
 High Street shops

Keep  
 market town  
 character  
 of shop  
 fronts

Seek out photographic evidence

*Epping, High Street.*
